Dear Brother Goodban:

Thank you so much for your prayers! Our gracious Heavenly Father has certainly been good to the Crocker house! Ella Clare, was born on March 18th, weighing in at just over 8 pounds. Then, as was already expected, she was immediately wired to a temporary external pacemaker. It was also found that she had an issue with her PDA.

The PDA is an opening in the heart that normally closes on its own – it is designed to keep extra blood from flowing from the heart into the lungs. But after Ella's birth, even though her PDA did become smaller, it did not close completely. So, on April 4th, a second surgery was performed to implant a permanent pacemaker and to surgically close her PDA. She is now recovering and, praise God, doing well.

As I mentioned last time, we are scheduled to return to Singapore on April 29th. We now ask that you would pray for us as we return to the place where God has called us to serve.

Also, thank you so much for your investment of \$1,200.00 in our ministry during the months of February and March. As always, it is our sincere prayer that your investment will result in spiritual fruit that will glorify our Heavenly Father.

We shall remain ...

Yours for souls,

Ray & Ginger
