

Sullivan's Prayer Letter!

June 2024

Greetings from the Land Down Under!

Julie and I hope and pray that God is blessing you in your part of the world!

Some good things have been happening in our ministries. Recently, we have consolidated our ministry so we could focus on the rural town of Wauchope. The reason we are doing this is because that's where God is blessing in the greatest way!

Recently, Wauchope Baptist Church has been growing with young families and this is something that we, and our church, have been praying about for a long time. I said to Julie this past Sunday that with these young families coming, I believe the average age of our church has dropped at least by fifteen years.

Also, recently we had a young Fijian young man that started coming along to church. His visits are a direct result of one of our church members giving him a gospel tract. God blessed the effort and I had the chance to lead Nykesh to the Lord and I am meeting with him for discipleship. Pray for Nykesh as he begins his journey with Jesus.

We still have a Sunday chapel service at Garden Village, which is well-attended. Over the years this has been a fruitful ministry, which I am glad the Lord has allowed to continue.

Finally, as a family we will have a great blessing coming at the end of the year. Aaron, Erika and Hope will be visiting us. This will be the first time in seven years that Aaron and Erika have been back to Australia and Hope's first visit. It will be a lot of fun for Hope as she has never seen kangaroos in the wild and she may even be able to pet a kola. Pray for them as they make the long journey across the Pacific.

Finally, thank you for faithfully praying for us and standing with us as we reach out to Australians with the Gospel.

Looking Up Down Under,

Tony
